My Fellow War Veteran,

I had to write you one last time!

Please don't miss out on your chance to join VFW's Partners in Patriotism and have your entire first year of monthly support **MATCHED dollar for dollar!**

JOIN PARTNERS IN PATRIOTISM

Your final chance to respond to my exclusive invitation is September 30! We're closing in on our goal of signing up 100 new Partners in Patriotism before then and I need you to get us to the finish line.

Frankin, your first twelve months of donations will be **DOUBLED** when you join before September 30.

- Your gift of \$10 could be \$20 — *that's \$240 a year.*
- Your gift of \$20 could be \$40 — *that's \$480 a year.*
- Your gift of \$50 could be \$100 — *that's \$1200 a year.*

I'm already a monthly donor because I know it's the best way to protect veterans' rights and provide reliable year-round support for our fellow veterans. I would be honored if you'd join me.

JOIN PARTNERS IN PATRIOTISM

Remember, your monthly donation can do so much for fellow service members. As a [Partner in Patriotism](#), you'll help:

- Provide a reliable backbone of support for struggling veterans.
- Anticipate needs and assist more veterans and military families.
- Keep costs down — reducing overhead and administrative costs makes this the most efficient way to help veterans.

When you [join before September 30](#), a good friend of the VFW will MATCH your entire first year of monthly contributions up to \$15,000 for a whole year! Please don't let this incredible chance to double your support of America's veterans go to waste.

I chose you to receive this special offer because you care so much about our veterans, service members and their families. Please let me count on you to [sign up today](#).

Thank you for showing our brothers and sisters-in-arms the honor and respect they deserve.

Thank you for everything you do FOR VETERANS!

Dan West
Adjutant General
