

# ?????DID YOU KNOW?????

EVERYONE,

It was brought to my recently that there are a lot of VA ID Cards expiring this year. I wasn't even aware they have an expiration, but they do. The expiration date is very small and located just to the bottom left of the photo.

You can get your new one at one of the many VA facilities in Arizona. To find one close to you please check out this link and call to see what their hours of operation are:
